Medi-Bed with Duraskin

Simple, Comfortable and Reliable Patient Protection.

As a health crisis spreads, the Medi-Bed with Duraskin is ready to help you swiftly accommodate surge situations. The compact footprint allows you to expand your existing capacity by fitting more beds in less space.

- **Ultra-Hygienic.** Medi-Bed's PVC coated mat with its Acrylic lacquer top coat is tear and water-resistant. The mat has been fabricated in Germany with the unique safety requirements of the medical environment in mind for maximum patient hygiene.

- **Easily Washable.** The ultrasonically welded sleeping deck has no thread or sew lines and is completely impermeable. The bed can simply be sprayed or dipped into a chlorine solution for quick sanitization.

- **Durable and Portable.** Disc-O-Bed®'s patented design allows for a quick, no tool assembly. The bed fully disassembles and can be stored and transported in the included zippered carry bag.

- **Parts and Accessories.** Quickly replace parts without having to replace the entire cot. Additional add on accessories like an IV stand and mosquito net and frame are also available.

- **Tried and Tested.** The Medi-Bed is CPSIA compliant and CE Certified. The Medi-Mat is fire retardant according to DIN 4102 B1.

SPECIFICATIONS
